

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

When I was a kid in the 60's, pay tv was pushed as a "good thing" because there would be no ads. Now we have total pay tv with more ads then ever(time them!). Please don't just give the air waves to big corporations! Let us keep some diversity. No more mergers!
